Food Chemistry **42** (1991) 360–363

CONTENTS OF VOLUME 42

Number 1

Comparison of Radioimmunoassay and Spectrophotometric Analysis for the Quantitation of Hypoxanthine in Fish Muscle 1
BEVERLEY ROBERTS, BRIAN A. MORRIS &
MIKE N. CLIFFORD (UK)

Free Sugars and Dietary Fibre in Some Fruits of Bangladesh 19
S. M. M. RAHMAN, M. MOSIHUZZAMAN (Bangladesh) &
E. WESTERLUND (Sweden)

Resistance of Cranberry Bean (*Phaseolus vulgaris*) α-Amylase Inhibitor to Intraluminal Digestion and its Movement along Rat Gastrointestine: Further Investigation using a Radioactive Probe and Specific Antiserum. 29
MAKOTO KOTARU, KIMIKAZU IWAMI, HUNG-YU YEH &
FUMIO IBUKI (Japan)

A Study of the Effects of Different Factors on the Heat-Induced Gelation of Cod (*Gadus morhua*, L.) Actomyosin using Response Surface Methodology . . 39
MERCEDES CARECHE, JAMES CURRALL &
IAN M. MACKIE (UK)

Elemental Contents of Milk-based and Soy-based Infant Formulas Marketed in Kuwait. 57
N. B. KASHLAN, A. S. HASSAN, V. P. SRIVASTAVA,
N. A. MOHANA & K. M. SHUBBER (Kuwait)

Partial Purification and Characterization of a Cell Wall Bound Proteinase from *Lactobacillus casei* 65
H. NÆS (Norway), J. CHRZANOWSKA (Poland) &
H. BLOM (Norway)

Simultaneous Determination of Total Chlorogenic Acid and Caffeine in Coffee by High Performance Gel Filtration Chromatography 81
L. C. TRUGO, C. A. B. DE MARIA & C. C. WERNECK (Brazil)

Some Physical Properties of Ten Soyabean Varieties and Effects of Processing on Iron Levels and Availabi'ity. 89
G. OLUYEMISI LATUNDE-DADA (Nigeria)

Food Chemistry **42** (1991)—© 1991 Elsevier Science Publishers Ltd, England. Printed in Great Britain

Food Chemistry **42** (1991) 360–363

G. OLUYEMISI LATUNDE-DADA (Nigeria)

Food Chemistry **42** (1991)—© 1991 Elsevier Science Publishers Ltd, England. Printed in Great Britain

Changes in Fatty Acid Composition of Fresh and Frozen Sardine (*Sardinia pilchardus* W.) During Smoking 99
ALFONSO BELTRÁN & ANTONIO MORAL (Spain)

Technical Note
Effect of *Rabadi* Fermentation on HCl-Extractability of Minerals of Wheat . 111
MANJU GUPTA, NEELAM KHETARPAUL &
B. M. CHAUHAN (India)

Book Review 119

Number 2

Application of Simultaneous Purging and Solvent Extraction Technique for Flavour Monitoring of Natural Products 121
C. MACKU & T. SHIBAMOTO (USA)

Effect of Process Method on the Energy and Protein Content, Antinutritional Factors and In-Vitro Protein Digestibility of Cowpea Milk (*Vigna unguiculata*) . 129
I. O. AKINYELE (Nigeria)

Fast Chromatographic Study of Propolis Crudes 135
TH. ACKERMANN (Israel)

Mineral and Proximate Composition of the Meat of the One-Humped Camel (*Camelus dromedarius*) 139
M. ZAMIL EL-FAER, TARIK N. RAWDAH, KHUDRE M. ATTAR &
MARTIN V. DAWSON (Saudi Arabia)

Chemical Composition and Nutritional Value of Processing Discards of Cod (*Gadus morhua*) 145
FEREIDOON SHAHIDI, MARIAN NACZK, RONALD B. PEGG &
JOZEF SYNOWIECKI (Canada)

A Study of Factors Affecting Extraction of Peanut (*Arachis hypogaea* L.) Solids With Water 153
ISMAIL Y. S. RUSTOM, M. H. LÓPEZ-LEIVA &
BABOO M. NAIR (Sweden)

Simultaneous Enzymatic Determination of L(−) Malic Acid and L(+) Lactic Acid in Wine by Flow Injection Analysis 167
R. PUCHADES, M. A. HERRERO, A. MAQUIEIRA &
J. ATIENZA (Spain)

The Effects of Heating, Alone or in the Presence of Calcium or Lactose, on Calcium Binding to Milk Proteins 183
CHRISTOPHOROS P. PAPPAS (Greece) & JAMES ROTHWELL (UK)

The Use of an Automated System for Mutagenicity Testing to Assess the Inner Quality of Heat-Treated Orange Juices 203
INDRIATI EKASARI (USA), C. J. M. HOENDERBOOM, W. M. F. JONGEN & W. PILNIK (The Netherlands)

Study of the Decay of Diazinon and Chlorpyrifos in Apple Samples, Using Gas Chromatography 213
J. SANZ ASENSIO, C. SÁENZ BARRIO, M. T. GALARRETA JUEZ & J. GALBÁN BERNAL (Spain)

Research Notes

The Effects of Organic and Inorganic Fertilization on the Content of Trace Elements in Cereal Grains 225
T. S. SRIKUMAR & P. A. ÖCKERMAN (Sweden)

Histamine and Tyramine in Beers. Changes During Brewing of a Spanish Beer . 231
M. L. IZQUIERDO-PULIDO, M. C. VIDAL-CAROU & A. MARINÉ-FONT (Spain)

Number 3

Obituary 239

Determination of Ethoxyquin in Paprika by High-Performance Liquid Chromatography 241
P. VIÑAS, M. HERNÁNDEZ CÓRDOBA & C. SÁNCHEZ-PEDREÑO (Spain)

Effect of Processing on β-Carotene Retention in Crude Palm Oil and its Products 253
R. MANORAMA & C. RUKMINI (India)

Studies on the Underexploited Tree Pulses, *Acacia catechu* Willd., *Parkinsonia aculeata* L. and *Prosopis chilensis* (Molina) Stunz: Chemical Composition and Antinutritional Factors 265
N. RAJARAM & K. JANARDHANAN (India)

Influence of Ethylene Removal on the Volatile Development in Passa Crassana Pears Stored in a Controlled Atmosphere 275
A. RIZZOLO, C. SODI & A. POLESELLO (Italy)

Production of Instant Plantain Flour, Sensory Evaluation and Physico-chemical Changes During Storage 287
MARK E. UKHUN & IMADE E. UKPEBOR (Nigeria)

Study of the Hydration Process in Tehina 301
PINHAS LINDNER (Israel) & JOHN E. KINSELLA (USA)

The Occurrence of Volatile *N*-nitrosamines in French Foodstuffs 321
T. MAVELLE, B. BOUCHIKHI & G. DEBRY (France)

Role of Metal Ions and Heme Pigments in Autoxidation of Heat-Processed Meat Products 339
FEREIDOON SHAHIDI & CAROLINE HONG (Canada)

The Effects of Fat Content and Storage Temperature on the Storage Life of Smoked Sardine Fillets (*Sardina pilchardus* W.) Prepared from Frozen Sardine . . 347
A. BELTRÁN & A. MORAL (Spain)

Book Reviews 357
